**DETAILS**

Item type: For sale  
Posted on : 23/07/2019

**DESCRIPTION**

A state-of-the art clinical guide to contemporary materials and techniques for the restoration of individual teeth and implants. It fully reflects the important developments in the field over the past 15 years, including in particular the shift away from wholesale use of crowns towards adhesive dentistry and less invasive extra-coronal restorations. Each chapter has specific learning objectives and helpful clinical tips.

- 463pp
- 200 illustrations
